**Ayrton Senna** Sep 29 2019 This definitive record of Ayrton Senna's racing life provides detailed coverage of every single race in which he competed, including Formula Ford, Formula 3 and Formula 1, in addition to one-off appearances and tests in other categories, such as the World Sports Car Championship and Indy Car. The compelling text features insightful new material drawn from interviews with many of Senna's rivals and colleagues - from early opponent Calvin Fish to Williams team-mate Damon Hill - and is accompanied by a rich array of high-quality period photographs captured through the lenses of Sutton Images, where brothers Keith and Mark Sutton between them followed Senna's meteoric career from the very beginning. Graced with a foreword by Martin Brundle, Senna's great rival in Formula 3 during 1983, this top-quality book provides a fitting tribute to a Formula 1 legend whose legacy today extends far beyond the world of motor racing. - The karting years: racing in Brazil and South America between 1973 and 1977, and Senna's efforts to win the elusive karting World Championship between 1978 and 1981. - Formula Ford 1600 and 2000: racing with the Van Diemen works team in 1981, before progressing to FF2000 in 1982, dominating the British and European championships. - Formula 3: the battle with Martin Brundle for the 1983 British F3 Championship. - Formula 1 baptism with Toleman: nearly winning the rain-shortened Monaco Grand Prix, and qualifying third at Estoril, behind Piquet's Brabham and Prost's McLaren. - The Lotus years, 1985-1987: Senna's first wins, at Estoril and Spa in 1985, two more wins in 1986, and his final Lotus year, with wins in Monaco and Detroit, before signing for McLaren for the 1988 season. - The McLaren years, 1988-1993: first world title in 1988 followed by an acrimonious year with team-mate Alain Prost in 1989. - Two further world titles in 1990 and 1991, but then Williams emerges to dominate with Nigel Mansell (1992) and Alain Prost (1993), Senna winning five races in his final year for McLaren. - The final season (1994): driving for a no-longer-dominant Williams, struggling to take the fight to Benetton and Michael Schumacher, before tragically losing his life at Imola. **The Mammoth Book of Killers at Large** Nov 11 2020 Reason to be afraid - over 50 unsolved cases of serial murder Fact: murderers and serial killers do not always get caught. Behind every headline of a newsworthy conviction lie other cases of vicious murderers who got away, and who remain somewhere among us. Here in one giant volume are more than 50 of the most serious serial killings and other murder cases that continue to remain unsolved. The cases covered in this alarming book include: " Argentina's crazed highway killer, responsible for mutilating and killing at least five people since 1997, and dumping their bodies along remote highways " The Green River Killer, believed to be a middle-aged white man, who has claimed at least 49 lives to date in the Seattle-Tacoma area " South Africa's 'Phoenix Strangler', suspected of killing 20 women in the province of KwaZulu Natal. " The Twin Cities Killer - either one or several people responsible for a series of over 30 murders on the streets of Minneapolis and St. Paul, where the victims were mostly prostitutes " Costa Rica's elusive 'El Psicópata' (The Psychopath), thought to have murdered at least 19 people in this small quiet Central American country " 'The Monster of Florence', responsible for a series of 15 sexual slayings just outside Florence In each case it is not just the crimes that are horrifying and fascinating, but the response of local police and authorities to the lack of a conviction. Local authorities may fear to admit the continued existence of a serial killer at large; whilst police bodies face the temptation to 'tidy up' loose unsolved murders under the aegis of other admitted crimes.

When he was younger, he struggled with anxiety and other mental health issues, as do so many others in rural communities. A simple social media post helped him to turn things around. After he shared a photo on Instagram showing himself naked in a truck full of lentils, he received a huge response, with other farmers wanting to share their own photos - and their stories. As the Naked Farmer movement grew, Ben met people from all around the country who wanted to get naked for mental health. As they got their kits off, they also opened up about their struggles. This is a heartwarming, moving and candid collection of stories of the challenges our farmers are facing, and the way these communities are banding together in response. **Mazda MX-5 Miata** Nov 04 2022 Celebrating a quarter century of the car that redefined its genre. [apply edits made above] The Mazda MX-5, (known as Miata in North America and Eunos Roadster in Japan), revolutionized the lightweight two-seater roadster market. By taking the front-engine, rear-wheel-drive layout of traditional British and Italian roadsters and combining it with the modern function and reliability for which Japanese cars were justly famous, Mazda created what many consider the perfect sports car. The MX-5 became the best-selling sports car of all time, selling over a million units worldwide. Customers proved that they hadn't lost their desire for simple, lightweight two-seat convertibles; they had simply lost their desire for unreliable, archaic European anachronisms that caught on fire as part of their charm. In 2009, English automotive critic Jeremy Clarkson wrote: "The fact is that if you want a sports car, the MX-5 is perfect. Nothing on the road will give you better value. Nothing will give you so much fun. The only reason I'm giving it five stars is because I can't give it 14.5 stars." Mazda MX-5 Miata: Twenty-Five Years is a handsomely-illustrated coffee-table book celebrating Mazda's ground-breaking MX-5 Miata, the car that revolutionized the lightweight two-seater roadster market.
