former Vice President Dick Cheney delivers an unyielding portrait of American politics over nearly forty years and shares personal reflections on his role as one of the most steadfast and influential statesmen in the history of our country. The public perception of Dick Cheney has long been something of a contradiction. He has been viewed as one of the most powerful vice presidents—secretive, even mysterious, and at the same time opinionated and unflinchingly outspoken. He has been both praised and attacked by his peers, the press, and the public. Through it all, courting only the ideals that define him, he has

remained true to himself, his principles, his family, and his country. Now in an enlightening and provocative memoir, a stately page-turner with flashes of surprising humor and remarkable candor, Dick Cheney takes readers through his experiences as family man, policymaker, businessman, and politician during years that shaped our collective history. Born into a family of New Deal Democrats in Lincoln, Nebraska, Cheney was the son of a father at war and a high-spirited and resilient mother. He came of age in Casper, Wyoming, playing baseball and football and, as senior class president, courting homecoming queen

Lynne Vincent, whom he later married. This all-American story took an abrupt turn when he flunked out of Yale University, signed on to build power line in the West, and started living as hard as he worked. Cheney tells the story of how he got himself back on track and began an extraordinary ascent to the heights of American public life, where he would remain for nearly four decades: * He was the youngest White House Chief of Staff, working for President Gerald Ford—the first of four chief executives he would come to know well. * He became Congressman from Wyoming and was soon a member of the congressional

leadership working closely with President Ronald Reagan. * He became secretary of defense in the George H. W. Bush administration, overseeing America's military during Operation Desert Storm and in the historic transition at the end of the Cold War. * He was CEO of Halliburton, a Fortune 500 company with projects and personnel around the globe. * He became the first vice president of the United States to serve out his term of office in the twenty-first century. Working with George W. Bush from the beginning of the global war on terror, he was—and remains—an outspoken defender of taking every step necessary to defend

the nation. Eyewitness to history at the highest levels, Cheney brings to life scenes from past and present. He describes driving through the White House gates on August 9, 1974, just hours after Richard Nixon resigned, to begin work on the Ford transition; and he portrays a time of national crisis a quarter century later when, on September 11, 2001, he was in the White House bunker and conveyed orders to shoot down a hijacked airliner if it would not divert. With its unique perspective on a remarkable span of American history, *In My Time* will enlighten. As an intimate and personal chronicle, it will surprise,

move, and inspire. Dick Cheney's is an enduring political vision to be reckoned with and admired for its honesty, its wisdom, and its resonance. *In My Time* is truly the last word about an incredible political era, by a man who lived it and helped define it—with courage and without compromise.

Glendurgan May 25 2022
'Once ... I was sitting on a stile and seven swans flew over my head, inches away. I walked on and came across an entire family of foxes at play. For both the animal and the man there was no more beautiful place in which to be raised.' That place was Glendurgan, one of three valley gardens created by three

Personal Memoirs of Ulysses

S. Grant Jun 25 2022

Completed just days before his death and hailed by Mark Twain as "the most remarkable work of its kind since the Commentaries of Julius Caesar," this is the now-legendary autobiography of ULYSSES SIMPSON GRANT (1822-1885), 18th president of the United States and the Union general who led the North to victory in the Civil War. Though Grant opens with tales of his boyhood, his education at West Point, and his early military career in the Mexican-American war of the 1840s, it is Grant's intimate observations on the conduct of

the Civil War, which make up the bulk of the work, that have made this required reading for history students, military strategists, and Civil War buffs alike. This unabridged edition features all the material that was originally published in two volumes in 1885 and 1886, including maps, illustrations, and the text of Grant's July 1865 report to Washington on the state of the armies under his command.

Ian Fleming Apr 11 2021 A fascinating and unprecedented insight into the mind and life of the creator of James Bond.

Personal Memoirs of U.S. Grant ... Dec 20 2021 Faced with failing health and financial ruin, the Civil War's greatest

general and former president wrote his personal memoirs to secure his family's future - and won himself a unique place in American letters. Devoted almost entirely to his life as a soldier, Grant's Memoirs traces the trajectory of his extraordinary career - from West Point cadet to general-in-chief of all Union armies. For their directness and clarity, his writings on war are without rival in American literature, and his autobiography deserves a place among the very best in the genre.

almost a decade, only to walk away from them at the height of their success? After abandoning that club for 20 years, what would cause him to rekindle his passion in a conversion-like experience, and then stick with the club for the rest of his life? The answers lie in the psychology of attachment. This is the story of James Adams and his support of Coventry City, from the days of Billy Frith to Mark Robins. It's an account that delves into the crucial yet poorly understood psychological aspects of football fandom to uncover truths that every football fan can relate to. Join James on a rollercoaster ride as he asks important questions of

himself and his life alongside a backdrop of footballing highs and lows, including three Wembley victories and four promotions, as well as FA Cup debacles for the Sky Blues. Attached to Coventry City is a highly personal, honest and reflective account of the unusual story of a lifelong football fan.

THE BROKEN TREE Oct 30 2022 As she was growing up, Anita Venes forgot many things about her origins - who she was, where everybody else was, why she had a strange name which people kept changing. She worked hard to forget about the past, avoiding questions about her parents and other family members who had all disappeared. This was often the case for an abandoned child growing up in the care system in the 1940s. It was best to focus on the future when you might have some control over events. Fostering experiences can be good - for Anita they were not. This is her story, a story of survival and inspiring courage to overcome

Downloaded from

the traumas of her abusive childhood. She chose to work with severely disabled children and that developed into her passion for over 40 years, eventually achieving the rewarding role of headteacher of a new school. The memorable stories of those years feature in *The Broken Tree*, and Anita also goes into detail about her search for her long-lost family members and the impact each made upon her life. This includes the journey of finding her brother, an internationally famous clown and mime artist, known as Potts. His story is still to be told. Tragic at times, her tale is ultimately uplifting and inspirational for all those who

struggle in life to overcome the hand they've been dealt. *An Accidental Bookseller* Jan 09 2021 A memoir of Bill Samuel's relationship with his family's business Foyles Bookshop, its founder his grandfather William Foyle and his aunt Christina Foyle [Ministers Decide](#) Sep 24 2019 *The Prof* Mar 11 2021 [Skunk Works](#) Jan 01 2023 This classic history of America's high-stakes quest to dominate the skies is "a gripping technothriller in which the technology is real" (New York Times Book Review). From the development of the U-2 to the Stealth fighter, Skunk Works is the true story of America's most secret and successful

aerospace operation. As recounted by Ben Rich, the operation's brilliant boss for nearly two decades, the chronicle of Lockheed's legendary Skunk Works is a drama of Cold War confrontations and Gulf War air combat, of extraordinary feats of engineering and human achievement against fantastic odds. Here are up-close portraits of the maverick band of scientists and engineers who made the Skunk Works so renowned. Filled with telling personal anecdotes and high adventure, with narratives from the CIA and from Air Force pilots who flew the many classified, risky missions, this book is a riveting portrait of

the most spectacular aviation triumphs of the twentieth century. "Thoroughly engrossing." --Los Angeles Times Book Review

Brooklyn: A Personal

Memoir Oct 18 2021 In 2001, Truman Capote's stylish homage to Brooklyn was brought back into print, but not until 2014— more than fifty years after they were taken—were the original photographs commissioned to illustrate the essay discovered by the late photographer's son. Also found among the negatives were previously unknown portraits of Capote; none of the photos had ever been published. Now, with the publication of Brooklyn: A

Personal Memoir, with the lost photographs of David Attie, the words and images are united for the first time. With an introduction by George Plimpton and afterword by Eli Attie.

Ian Fleming May 13 2021 Forged during the Second World War, the close and abiding friendship of Robert Harling and Ian Fleming, one of the twentieth century's most iconic authors, would go on to define the lives and literature of both men significantly. Their paths first crossed in 1939, and Harling later became Fleming's deputy in the commando unit dubbed 'Fleming's Secret Navy', which was tasked with obtaining equipment,

codebooks and intelligence from the enemy. The war made fast friends of the two writers, and Fleming would go on to immortalise Harling in his hugely popular Bond novels Thunderball and The Spy Who Loved Me. Yet beneath the pair's charm, charisma and creativity was an altogether darker reality. Documenting in vivid detail his private exchanges with Fleming, Harling exposes the personality behind his protagonist - one tempered by debilitating bouts of depression and a deep-rooted distrust of women. This extraordinary memoir provides a fascinating and unprecedented insight into the mind of the creator of James

The Lost Summer Dec 28 2019

Baghdad's Spy Jan 27 2020
BAGHDAD'S SPY is the story of Britain's foreign intelligence service 1958-2001 as told from the unique perspective of the

daughter of a senior spy. Corinne Souza breaks the last taboo of British espionage as she describes the impact that Crown service can have on a spy's family. Souza's story begins in Iraq, where, after the murder of the Boy King in 1958, her father was recruited for the Secret Intelligence Service (SIS), also known as MI6. She recalls the vivacity of Baghdad's cosmopolitan society in the 1960s and the subsequent arrangements made by the Crown for her father when he later worked from London. In the late '70s, however, his relationship with the State soured and Souza relives the vicious backlash he then faced from the 'No Names'

- colleagues with concealed identities. In a personal and at times shocking portrait, she examines her espionage inheritance and the price she paid for refusing to follow in her father's footsteps. Controversially, she also reveals the SIS's failure prior to the 1990-91 Gulf War. Through her father's experiences, Souza traces the disintegration of British Intelligence in the Middle East since the late '70's - a legacy that led to Britain being unable to assist the CIA in preventing the horror of 11 September or come to grips with al-Qaeda. This revealing memoir is an extraordinary account of a family's secret life, the

[Taking the Back off the Watch](#)

Mar 30 2020 Thomas Gold (1920-2004) had a curious mind that liked to solve problems. He was one of the most remarkable astrophysicists in the second half of the twentieth century, and he attracted controversy throughout his career. Based on a full-length autobiography left behind by Thomas Gold, this book was edited by the astrophysicist and historian of science, Simon Mitton (University of Cambridge). The book is a retrospective on Gold's remarkable life. He fled from Vienna in 1933,

eventually settling in England and completing an engineering degree at Trinity College in Cambridge. During the war, he worked on naval radar research alongside Fred Hoyle and Hermann Bondi - which, in an unlikely chain of events, eventually led to his working with them on steady-state cosmology. In 1968, shortly after their discovery, he provided the explanation of pulsars as rotating neutron stars. In his final position at Cornell, he and his colleagues persuaded the US Defense Department to fund the conversion of the giant radio telescope at Arecibo in Puerto Rico into a superb instrument for radio astronomy. Gold's

interests covered physiology, astronomy, cosmology, geophysics, and engineering. Written in an intriguing style and with an equally intriguing foreword by Freeman Dyson, this book constitutes an important historical document, made accessible to all those interested in the history of science.

inner voice--God's voice--had become a permanent part of me, speaking to me and advising me in times of trouble and danger. My father was born in Haiti and could not provide any religious support to me and my siblings. However, my mother, who is also Haitian, a Christian, and an advocate of prayer, pushed and encouraged me to grow closer to God through prayer. While I was a high school student almost thirty years ago, thank God my inner voice--God's voice--spoke loudly and clearly to my conscious being. As I was heading into the girls' locker room to change for tennis practice, all of a sudden, I heard my inner voice

command me to leave the school building. At the entrance, I encountered a teenage boy standing there, who violently grabbed my arm and was trying to pull down his pants with his other hand. I kicked him hard in his groin, which forced him to the ground. I was free. Years later, when I was a Peace Corps volunteer working in Guinea, West Africa, the government compound where I was living was attacked by an angry mob seeking revenge on a political figure whom they believed was corrupt. The night before, my inner voice--God's voice--instructed me to pack a small bag. I escaped unharmed.

Carwyn James; a dazzling sidestep of an essay in both social and personal interpretation. Mae Carwyn - A Personal Memoir yn fyfyrddod disglair ar y pwerau diwylliannol amrywiol a ffurfiodd gymeriad Carwyn James, hyfforddwr rygbi ac awdur. Campwaith llenyddol o fyd y campau sy'n gyfraniad gwerthfawr i faes dehongli cymdeithasol a phersonol. Carwyn James treated rugby football as if it was an art form and aesthetics part of the coaching manual. This son of a miner, from Cefneithin in the Gwendraeth Valley, was a cultivated literary scholar, an accomplished linguist, a teacher, and a would-be patriot

politician, who also won two caps for Wales. He was the first man to coach any British Lions side to overseas victory, and still the only one to beat the All Blacks in a series in New Zealand. That was in 1971, and it was followed in 1972 by the legendary triumph of his beloved Llanelli against the touring All Blacks at Stradey Park. These were the high-water marks of a life of complexity and contradiction. His subsequent and successful career as broadcaster and journalist and then a return to the game as a coach in Italy never quite settled his restless nature. After his sudden death, alone in an Amsterdam hotel, his close friend, the

Pontypridd-born writer, Alun Richards set out through what he called A Personal Memoir to reflect on the enigma that had been Carwyn. The result, a masterpiece of sports writing, is a reflection on the connected yet divergent cultural forces which had shaped both the rugby coach and the author; a dazzling sidestep of an essay in both social and personal interpretation. One of the most readable books on rugby a stylish contribution to the games history. The Times The best evocation there is of this charismatic if restless man. Loved it. Cliff Morgan A beautifully written insight into the very heart and soul of Welsh Rugby and a handsome addition to the literature of the game. Bill McLaren.

Sweethearts of Song: A Personal Memoir of Anne Ziegler and Webster Booth

Jul 27 2022 Jean Collen began her singing studies with the famous British duettists Anne Ziegler and Webster Booth, in Johannesburg, when she was 17. Two years later they asked her to act as Webster's studio accompanist when Anne - who accompanied their students - had other commitments. This was the beginning of a close friendship which lasted until their deaths. The book gives a summary of Anne and Webster's rapid rise to fame, which is already well documented in their own autobiography entitled "Duet" (1951). Its main focus is on their lives and careers from 1956 in South Africa and their "third" career when they went

back home to the UK in 1978. **Credible and True** Nov 18 2021 Early in the morning of 4 March 2015, a fierce knock at the door heralded the start of a new chapter in Harvey Proctor's almost continuous relationship with the police and media, when officers from the Metropolitan Police raided his home in connection with Operation Midland, Scotland Yard's investigation into allegations of a historic Westminster paedophile ring. In **Credible and True** - words famously used by the police to describe the allegations of Proctor's traducer - the former Conservative MP talks frankly about his life in and out of Parliament, from the struggles

Downloaded from

and controversy surrounding his resignation in 1987 to the numerous homophobic attacks endured since - one of which, revealed here in horrific detail for the first time, was a very

nearly successful attempt on his life. Finally, he speaks candidly about his most recent embroilment in Operation Midland, of being the victim of a 'homosexual witch-hunt' that has all but destroyed his

reputation, adding to the topical debate about police lack of due process in the post-Savile world of 'guilty until proven innocent'.

George Stalden Feb 19 2022
