Waves Across the South Oct 15 2021 "Per the UK publisher William Collins's promotional copy: "There is a quarter of this

planet which is often forgotten in the histories that are told in the West. This quarter is an oceanic one, pulsating with winds and waves, tides and coastlines, islands and beaches. The Indian and Pacific Oceans constitute that forgotten quarter, brought together here for the first time in a sustained work of history." More specifically, Sivasundaram's aim in this book is to revisit the Age of Revolutions and Empire from the perspective of the Global South. *Waves Across the South* ranges from the Arabian Sea across the Indian Ocean to the Bay of Bengal, and onward to the South Pacific and Australia's Tasman Sea. As the Western empires (Dutch, French, but especially British) reached across these vast regions, echoes of the European revolutions rippled through them and encountered a host of indigenous political developments. Sivasundaram also opens the door to new and necessary conversations about environmental history in addition to the consequences of historical violence, the extraction of resources, and the indigenous futures that Western imperialism cut short"--

Charles I Sep 26 2022 During his reign, King Charles I (1600-1649) assembled one of Europe's most extraordinary art collections. Indeed, by the time of his death, it contained some

2,000 paintings and sculptures. Charles I: King and Collector explores the origins of the collection, the way it was assembled and what it came to represent. Authoritative essays provide a revealing historical context for the formation of the King's taste. They analyse key areas of the collection, such as the Italian Renaissance, and how the paintings that Charles collected influenced the contemporary artists he commissioned. Following Charles's execution, his collection was sold. This book, which accompanies the exhibition, reunites its most important works in sumptuous detail. Featuring paintings by such masters as Van Dyck, Rubens and Raphael, this striking publication offers a unique insight into this fabled collection. AUTHORS: Desmond Shawe-Taylor is Surveyor of the Queen's Pictures. Per Rumberg is Curator at the Royal Academy of Arts, London. David Ekserdjian is Professor of Film and Art History at the University of Leicester. Dr Barbara Furlotti is Associate Lecturer at the Courtauld Institute of Art, London. Gregory Martin, formerly Curator of Baroque Paintings and Assistant Keeper of the National Gallery, London, is Editor of the Corpus Rubenianum. Guido Rebecchini is Lecturer and Head of the Renaissance Section at the Courtauld Institute of Art, London. Vanessa Remington is Senior Curator of Paintings at The Royal Collection. Dr Karen Serres is the Schroder Foundation Curator of Paintings at the Courtauld Gallery, London. Lucy Whitaker is Assistant Surveyor of the Queen's Pictures. Jeremy Wood is Professor Emeritus of Art History at the University of Nottingham. Helen Wyld is Curator at National Museums Scotland. SELLING POINTS: * The compelling story of the British monarch who created one of the most stupendous art collections ever assembled * Accompanies the once-in-a-lifetime exhibition that brings together astonishing works by Van Dyck, Rubens, Titian, Holbein, Mantegna and Rembrandt, among many others * A major BBC TV series on the Royal Collection and a documentary on Charles I is planned 200 colour illustrations

Kyosai Jan 18 2022 Skeletons, demons and ghosts rub shoulders

with classically rendered ukiyo-e courtesans The Japanese artist Kawanabe Kyosai (1831-89) was celebrated for his exciting impromptu painting performances at calligraphy and painting parties. Described by British scholar Timothy Clark as "an individualist and an independent, perhaps the last virtuoso in traditional Japanese painting," Kyosai saw Japan transform itself from a feudal country into a modern state. The politically turbulent times in which he lived are reflected in his riotous images, in which skeletons, demons and ghosts rub shoulders with classically rendered ukiyo-e courtesans. Among his most charming and inventive works are his brilliant depictions of animals--crows, frogs and elephants, among many others--which often stand in for political figures of the day. Overlooked for decades, particularly compared to his earlier counterparts Hokusai and Hiroshige, Kyosai is now celebrated for his ability to bridge popular culture and traditional art. His important place in the art of Japan is here explored in depth by Koto Sadamura, a leading authority on the artist, in this catalog of the exceptionally rich holdings of the Israel Goldman Collection, one of the finest Kyosai collections in the world.

Zombies in the Academy Jun 30 2020 *Zombies in the Academy* taps into the current popular fascination with zombies and brings together scholars from a range of fields, including cultural and communications studies, sociology, film studies and education, to give a critical account of the political, cultural and pedagogical state of the university through the metaphor of zombiedom. The contributions to this volume argue that the increasing corporatization of the academy - an environment emphasizing publication, narrow research, and a vulnerable tenure system - is creating a crisis in higher education best understood through the language of zombie culture: the undead, contagion and plague, among others. *Zombies in the Academy* presents essays from a variety of scholars and creative writers who present an engaging and entertaining appeal for serious recognition of the conditions of contemporary humanities teaching, culture and labour practices.
