Carpentry For Dummies Sep 09 2020 Finding a carpenter who does quality work—at a reasonable price and in a timely fashion—can be a real challenge. For little jobs you can spend more time searching for a carpenter than you would doing the job yourself, if you only had some basic tools and carpentry skills. Over the years, the ability to handle small carpentry jobs can save you a great deal of money. Perhaps more important, you can make small repairs before they turn into big ones. With a set of basic carpentry skills you can also make a lot of little improvements that you might not have if you had to hire someone to do the work. If you would like to develop a basic understanding of carpentry and the tools of the trade, *Carpentry For Dummies* can help. Whether you have little or no experience with carpentry tools, repairs, or home improvements, this book can show you how to handle a project from the first cut to the final finish. *Carpentry For Dummies* is divided into four parts to help you easily find the information you need. You'll start off on the right foot by becoming familiar with structures such as foundations, floors, and roofs. With step-by-step illustrations throughout the book, you'll also discover how to use a variety of tools and techniques as you take on different projects in and around your house. *Carpentry For Dummies* also deals with other topics, including: Finding a good lumber or hardware store, and choosing the right materials for the job Mastering the finer points of measuring, marking, and gauging to make sure everything fits perfectly Boning up on sanding, sealing, and staining basics Playing it safe with power tools and potentially toxic chemicals With pointers on choosing the right materials, finding the best way to put them together, and working safely, *Carpentry For Dummies* is your ideal reference for basic carpentry.

Auto Repair For Dummies Jan 06 2023 *Auto Repair For Dummies*, 2nd Edition (9781119543619) was previously published as *Auto Repair For Dummies*, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide—400,000 copies sold—now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Dare to Repair Aug 09 2020 This is NOT your father's home repair book! And it's not your husband's, your brother's, your boyfriend's, or the guy's next door. **Dare to Repair** is a do-it-yourself book for every woman who would rather be self-reliant than rely on a super or contractor. No matter the depth of your pockets or the size of your home, a toilet will get clogged, a circuit breaker will trip, and a smoke detector will stop working. It's up to you how you'll deal with them -- live in denial, pay the piper, or get real and do it yourself. **Dare to Repair** demystifies these home repairs by providing information that other books leave out. In **Dare to Repair**, you'll learn how to: Take the plunge -- from fixing a leaky faucet to cleaning the gutters. Lighten up -- from removing a broken light bulb to installing a dimmer switch. Keep your cool -- from maintaining a refrigerator's gasket to changing the rotation of a ceiling fan. Get a handle on it -- from replacing a doorknob to repairing a broken window. Play it safe -- from planning a fire escape route to installing a smoke detector. Filled with detailed illustrations, **Dare to Repair** provides even the most repair-challenged woman with the ability to successfully fix things around the home. Once you start, you won't want to stop.
