Who doesn't want to chase their dreams, be their own boss, and do what they love? But the truth is that entrepreneurship is often a slog, with no regular hours, no job security, and very little pay. What if there was a way to have the stability of a day job with the excitement of a startup? All of the benefits of entrepreneurship with none of the pitfalls? In *The 10% Entrepreneur*, Patrick McGinnis shows you how, by investing just 10% of your time and resources, you can become an entrepreneur without losing a steady paycheck. McGinnis details a step-by-step plan that takes you from identifying your first entrepreneurial project to figuring out the smartest way to commit resources to it. He shows you how to select and engage in projects that will provide you with upside outside the office while making your better at your day job. He also profiles real-world 10% Entrepreneurs such as... •Luke Holden, a cash-strapped recent college graduate, who started his own lobster-roll empire and

oversaw much of its first year of operations, all while working full time in corporate America

- Dipali Patwa, a designer and mom whose side project designing and selling infant clothing is now a sensation.

•A group of friends who met at a 6am Bible study class and went on to start a brewery that now generates millions in sales . A successful 10% Entrepreneur himself, McGinnis explains the multiple paths you can follow to invest your cash, time, and expertise in a start-up—including as a founder, angel, adviser, or aficionado. Most importantly, you don't have to have millions in disposable income to become a 10% Entrepreneur. When you put McGinnis's 10% principles into action, you'll quickly start racking up small wins, then watch as they snowball into your new (and far more entrepreneurial) life.

[The 10 Habits of Happy Mothers](#) Mar 08 2021 This sanity-saving guide “offers practical ways to help you let go of ‘mom guilt’ in order to become a happier, healthier woman” (Parent & Child). Now with wellness tips and exercises! The pressure on women today has pushed many American mothers to the breaking point. It feels as if “doing your best” is never enough to please everyone, and the demands mothers place on themselves are both impossible and unrealistic. Now Meg Meeker, M.D., critically acclaimed author of *Strong Fathers, Strong Daughters*,

puts her twenty-five years’ experience as a practicing pediatrician and counselor into a sound, sane approach to reshaping the frustrating, exhausting lives of so many moms. Mothers are expected to do it all: raise superstar kids, look great, make good salaries, volunteer for everything, run errands, keep a perfect house, be the perfect wife. Single mothers often have even more demands—and less support. In this rallying cry for change, Dr. Meeker incorporates clinical data and her own experience raising four children to show why mothers suffer from the rising pressure to excel and the toll it takes on their emotional, physical, mental, and spiritual health. Too many mothers are increasingly lonely, anxious, depressed, and unhappy with themselves, refusing to let themselves off the hook. Here, Dr. Meeker has identified the 10 most positive habits of mothers who are healthy, happy, and fulfilled. The key is to embrace a new perspective and create real joy and purpose by utilizing such core habits as

• making friends with those who know the meaning of friendship • finding out what money can buy (and what it cannot) • lightening the overload—and doing less more often • discovering faith and learning how to trust it • taking some alone time and reviving yourself Mothers, it's time to view the unconditional trust that you see in your children's eyes when they take your hand or find your face in a crowd as a mirror of your own wonder and worth. You are the light that shines in their lives, the beacon that guides them. By implementing the key strategies in Dr. Meeker's book, you can be happy, hopeful, and a wonderful role model. You can teach your children to be the very best they can be—and isn't that still the most precious reward of motherhood?

The 10 Bushcraft Books Jun 23 2022 "The 10 Bushcraft Books" is, as the title suggests, literally all ten of Richard Graves' "Bushcraft Handbooks" bound together as a convenient single volume, perfect for slipping into your rucksack. A true classic of the genre and out of print for more than forty years, "The 10 Bushcraft Books" is back! This edition is a perfect replica of the First Edition, with the same size, formatting, layout, page count and illustrations, but in a

softcover format. Unlike the poorly-OCR'd, abridged, censored and dumbed down modern US market reprint edition titled "Bushcraft : The Ultimate Guide to Survival in the Wilderness", this edition of Graves' "The 10 Bushcraft Books" is the REAL DEAL, presented exactly as the author intended, with no deletions or omissions. It is the ONLY COMPLETE volume of Richard Graves' work available today. Remember: If it doesn't have the orange and black cover, it's incomplete and dumbed down. Don't waste your money buying anything else. The term "Bushcraft" describes the activity of how to make use of natural materials found locally in any area. It includes many primitive skills, and to these are added modern skills necessary for survival such as time and direction and the provision of more modern camp comforts and equipment. The practice of bushcraft develops in an individual a remarkable ability to adapt quickly to a changing environment. Because this is

so, the activity is a valuable counter to today's specialisation, and it is particularly significant in youth training work. The author of "The 10 Bushcraft Books", Richard Graves, is a member of the Irish literary family of that name. He is also the author of: "Bushcraft: How to live in Jungle and Bush" "Survival Hints", a pamphlet which was included in all Allied jungle survival kits in the Pacific during WWII The Bushcraft Handbook "Ropes and Cords" The Bushcraft Handbook "Huts and Thatching" The Bushcraft Handbook "Bush Campcraft" The Bushcraft Handbook "Food and Water" The Bushcraft Handbook "Fire Making" The Bushcraft Handbook "Knots and Lashings" The Bushcraft Handbook "Traps and Tracking" The Bushcraft Handbook "Snares and Traps" The Bushcraft Handbook "Travel and Gear" The Bushcraft Handbook "Time and Direction" ...all authoritative works on bushcraft and the art of bush and jungle survival. An enthusiastic bushwalker, skier

and pioneer of white-water canoeing, Richard Graves foresaw how a knowledge of bushcraft could save lives in the Second World War. To achieve this end, he initiated and led the Australian Jungle Rescue Detachment, assigned to the American Far East Air Force. This detachment of 60 specially selected A.I.F. soldiers successfully effected more than 300 rescue missions, most of which were in enemy-held territory, without failure of a mission or loss of a man. An essential preliminary for rescue is survival, and it was for this purpose that the notes for these books were written. These notes were later revised and prepared for a School in Bushcraft which was conducted for nearly 20 years. As far as is known, "The 10 Bushcraft Books" are unique. There is nothing quite like them, nor is any collection of bushcraft knowledge under one cover as comprehensive.
