Managing People in Today's Law Firm Mar 17 2021 Despite clear evidence of a serious decline in morale, the major competitors in the law firm management marketplace have virtually ignored the motivational facet of current managerial theory and practice. In addressing human resources topics as they apply to the modern law firm, this book fills a genuine void in an area which is of major importance to law firms challenged to remain profitable in an increasingly hostile environment. Grounded in managerial theory and research, based on extensive practice, and exemplified by anecdotal "war stories," this book makes valuable reading for partners, associates, managers, and future members of law firms--and offers important ideas for motivating members of all professional service firms.

The Law and Policy of Air Space and Outer Space Aug 10 2020 This is a policy oriented and comparatively oriented textbook on air and space law for students and practitioners. It covers the history and development in air and space law; their interrelationships with the law of the seas and the law of Antarctica; institutions working in the field of air and space law; sovereignty in national penal air law; private international air law, especially liability law; and public and private space law Much attention is devoted to the law of air commerce: bilateral air services agreements; inter-airline co-operation; the effect of competition, antitrust and European Union law; deregulation, privatization and commercialization of air transport; ownership and control of airlines, and airline alliances; multilateralisation of air transport; and congestion and environmental controls. The last chapter of the book briefly deals with the legal aspects of commercial outer space application. Increasingly, air transport, both in fact and in law, is becoming an ordinary industry like any other and is being treated as such. Rapidly, commercial outer space activities are being privatized and commercialized.

Business Law Today Nov 12 2020

Cengage Advantage Books: Essentials of the Legal Environment Today Aug 22 2021 Current, succinct, and student-friendly, ESSENTIALS OF THE LEGAL ENVIRONMENT, 5E delivers complete one-semester coverage of business law and its environment in a straightforward, nontechnical style. Cases are summarized by the authors and integrated throughout chapters. Miller explains legal issues and court decisions with minimal legal jargon while keeping readers engaged with the material. Hands-on applications help students strengthen their critical thinking skills as well as think through ethical dilemmas before they confront them in the workplace. The book also explores how traditional law has been applied to issues involving the Internet and how the laws of other nations deal with topics discussed in the text. In addition to Cases and Case Problems featuring issues from legal disputes in 2013 and 2014, the fifth edition includes an all-new chapter on Internet Law, Social Media, and Privacy, new Managerial Strategy features, new Preventing Legal Disputes features, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

New and updated learning features focus on legal topics of interest, from cybersecurity and the law online to managerial strategies and ethical dilemmas. Visually compelling pages illustrate the latest legal developments across the globe, in the U.S. Supreme Court and even at state level, giving you a strong background for a corporate career or entrepreneurial opportunities. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Law and Ethics for Today's Journalist Jul 21 2021 Law and Ethics for Today's Journalist offers aspiring and working journalists the practical understanding of law and ethics they must have to succeed at their craft. Instead of covering every nuance of media law for diverse communications majors, Mathewson focuses exclusively on what's relevant for journalists. Even though media law and media ethics are closely linked together in daily journalistic practice, they are usually covered in separate volumes. Mathewson brings them together in a clear and colourful way that practicing journalists will find more useful. Everything a journalist needs to know about legal protections, limitations, and risks inherent in workaday reporting is illustrated with highlights from major court opinions. Mathewson advises journalists who must often make ethical decisions on the spot with no time for the elaborate, multi-faceted analysis. The book assigns to journalists the hard decisions on ethical questions such as whether to go undercover or otherwise misrepresent themselves in order to get a big story. The ethics chapter precedes the law chapters because ethical standards should underlie a journalist's work at all times. There may be occasions when ethics and law are not parallel, thus calling for the journalist to make a personal judgment. Law and Ethics for Today's Journalist is user-friendly, written in clear, direct, understandable language on issues that really matter to a working journalist. Supplementary reading of the actual court cases is recommended and links to most cases are provided in the text. The text includes a fine (but purposely not exhaustive) bibliography listing important and useful legal cases, including instructive appellate and trial court opinions, state as well as federal.

Business Law Today, Comprehensive Nov 24 2021 Readers discover the excitement of cutting-edge business law as BUSINESS LAW TODAY: COMPREHENSIVE, 11E immerses learners in a wide selection of intriguing new cases and thorough coverage that reflects the latest developments in the field. This successful edition makes the study of business law appealing and relevant without sacrificing the legal credibility and comprehensive coverage. Each chapter's visually engaging, time-tested learning tools illustrate how law is applied to real-world business problems. Excerpted cases in the language of the court familiarize readers with legal language while emphasizing the relevance of case decisions. Readers see how landmark cases, statutes, and other laws significantly impact the way businesses today operate both within the United States and across the globe. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Paralegal Today: The Legal Team at Work Nov 05 2022 Succeed in your course and your career as a paralegal with PARALEGAL TODAY: THE LEGAL TEAM AT WORK. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Rule of Law Sep 30 2019 'The Rule of Law' is a phrase much used but little examined. The idea of the rule of law as the foundation of modern states and civilisations has recently become even more talismanic than that of democracy, but what does it actually consist of? In this brilliant short book, Britain's former senior law lord, and one of the world's most acute legal minds, examines what the idea actually means. He makes clear that the rule of law is not an arid legal doctrine but is the foundation of a fair and just society, is a guarantee of responsible government, is an important contribution to economic growth and offers the best means yet devised for securing peace and co-operation. He briefly examines the historical origins of the rule, and then advances eight conditions which capture its essence as understood in western democracies today. He also discusses the strains imposed on the rule of law by the threat and experience of international terrorism. The book will be influential in many different fields and should become a key text for anyone interested in politics, society and the state of our world.

The Counselor and the Law Oct 24 2021

Baseball Meets the Law Apr 05 2020 Baseball and law have intersected since the primordial days. In 1791, a Pittsfield, Massachusetts, ordinance prohibited ball playing near the town's meeting house. Ball games on Sundays were barred by a Pennsylvania statute in 1794. In 2015, a federal court held that baseball's exemption from antitrust laws applied to franchise relocations. Another court overturned the conviction of Barry Bonds for obstruction of justice. A third denied a request by rooftop entrepreneurs to enjoin the construction of a massive video screen at Wrigley Field. This exhaustive chronology traces the effects the law has had on the national pastime, both pro and con, on and off the field, from the use of copyright to protect not only equipment but also "Take Me Out to the Ball Game" to frequent litigation between players and owners over contracts and the reserve clause. The stories of lawyers like Kenesaw Mountain Landis and Branch Rickey are entertainingly instructive.

The 48 Laws Of Power Feb 02 2020 THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003)

PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.
