Resources for Teaching Discrete Mathematics Sep 14 2020 Resources for Teaching Discrete Mathematics presents nineteen classroom tested projects complete with student handouts, solutions, and notes to the instructor. Topics range from a first day activity that motivates proofs to applications of discrete mathematics to chemistry, biology, and data storage. Other projects provide: supplementary material on classic topics such as the towers of Hanoi and the Josephus problem, how to use a calculator to explore various course topics, how to employ Cuisenaire rods to examine the Fibonacci numbers and other sequences, and how you can use plastic pipes to create a geodesic dome. The book contains eleven history modules that allow students to explore topics in their original context. Sources range from eleventh century Chinese figures that prompted Leibniz to write on binary arithmetic, to a 1959 article on automata theory. Excerpts include: Pascal's "Treatise on the Arithmetical Triangle," Hamilton's "Account of the Icosian Game," and Cantor's (translated) "Contributions to the Founding of the Theory of Transfinite Numbers." Five articles complete the book. Three address extensions of standard discrete mathematics content: an exploration of historical counting problems with attention to discovering formulas, a discussion of how computers store graphs, and a survey connecting the principle of inclusion-exclusion to Möbius inversion. Finally, there are two articles on pedagogy specifically related to discrete mathematics courses: a summary of adapting a group discovery method to larger classes, and a discussion of using logic in encouraging students to construct proofs.

My Vietnam War Dec 06 2019 Writers have been writing about war since the siege of Troy, but few, if any, have captured the first-person experience of war as deeply as *My Vietnam War*. Set in 1967 (the deadliest year of the Vietnam War), this memoir-style novel depicts the psychological journey of a young man whose carefree days of studying philosophy at the university are ended by the draft. The story follows him from his initial rear-echelon

assignment in Saigon, where he falls for a mysterious storytelling bar girl, to his eventual posting at an isolated front-line firebase in one of the deepest parts of the Vietnam jungle. While recovering from a leg wound (he is hit by a piece of bone from a fellow soldier who stepped on a booby trap mine), he becomes the assistant medic and sees the horrors of war close up. The experience begins his steady spiral down into PTSD. After he is seriously wounded, he ends up back in Saigon where, after an old friend from Arizona gets him involved in the underground drug trade, the mysterious bar girl may be his only hope for salvation. It is a powerful story, well-written, with vivid detail that you will never forget.

Sun Tzu and the Art of Business Oct 04 2019 More than two millennia ago the famous Chinese general Sun Tzu wrote the classic work on military strategy, *The Art of War*. Now, in a new edition of *Sun Tzu and the Art of Business*, Mark McNeilly shows how Sun Tzu's strategic principles can be applied to twenty-first century business. Here are two books in one: McNeilly's synthesis of Sun Tzu's ideas into six strategic principles for the business executive, plus the text of Samuel B. Griffith's popular translation of *The Art of War*. McNeilly explains how to gain market share without inciting competitive retaliation, how to attack competitors' weak points, and how to maximize market information for competitive advantage. He demonstrates the value of speed and preparation in throwing the competition off-balance, employing strategy to beat the competition, and the need for character in leaders. Lastly, McNeilly presents a practical method to put Sun Tzu's principles into practice. By using modern examples throughout the book from Google, Zappos, Amazon, Dyson, Aflac, Singapore Airlines, Best Buy, the NFL, Tata Motors, Starbucks, and many others, he illustrates how, by following the wisdom of history's most respected strategist, executives can avoid the pitfalls of management fads and achieve lasting competitive advantage.

War Time Preaching and Teaching Apr 21 2021 War Time Preaching and Teaching explores the hermeneutics (science of interpretation) and homiletics (art of preaching) of both Rudolf Bultmann and Dietrich Bonhoeffer. The book explores the thought and impact of these two theologians primarily within the American debate. Both Bultmann and Bonhoeffer are somewhat misunderstood, and it seems that they are either totally accepted or rejected, depending in many instances on one's personal understanding of their method of biblical interpretation. The book attempts to objectively view their methods of biblical interpretation and how they expressed their research in their writings, preaching, and teaching. Both concluded that the presenting of the Gospel in a relevant manner is the ultimate need for humankind today. Both lived during a most challenging period of world history, but were able to communicate in a captivating manner. Certainly the times in which we live today call for those who possess a similar commitment.

It's 1914 when everything changes for a group of boys growing up and playing football in the Suffolk countryside. Far away, in a place called Sarajevo, an Archduke has been killed and a web of global events results in a call for all British men to do their duty 'for King and Country' and join the army to fight the Germans overseas. The boys sign up for what sounds like an adventure and a chance to see the world. After basic training the boys sail to France where they find themselves fighting on the front line. Living in the trenches in constant fear for their lives is nothing like they expected and only a bombed-out wasteland, no-man's-land, separates their trenches from those of their German enemies. Then, on Christmas Day, something remarkable happens as the German and British armies stop fighting and meet in the middle of no-man's-land. The enemies talk, play football and become friends. But the war isn't over, the two sides resume fighting and the group of Suffolk lads are ordered to charge across no-man's-land...

Teaching Representations of the First World War Aug 06 2022 The First World War saw staggering loss of life and was a catalyst for many political and social changes. It was also shaped by the media and art forms that expressed it: film, photography, poetry, memoir, posters, advertisements, and music. This volume's scope shows that today's instructors contend with many different issues in teaching the First World War in a variety of classroom settings. It Is Beautiful...Then Gone Aug 14 2020 Martin Venezky is not your typical point-and-click designer. While he is adept at operating a mouse, he is just as comfortable cutting and pasting type from old books or collaging found signs or making his own photographs. What results are the unique creations of a unique eye. And with this eye and his design firm, Appetite Engineers, Venezky has created beautiful and influential work for *Speak* and *Open* magazines, the Sundance Film Festival, Reebok, and numerous publishers and institutions. *It Is Beautiful...Then Gone* presents Venezky's commercial design work as well as new graphic work created for the book; details of the wall collage that define his office and his aesthetic; the singular photography, collections, and notebooks that define his personality; and text that explains -- or at least questions -- it all. Venezky's philosophy that life and design are a continuation of each other permeates this elegant book filled with hundreds of idiosyncratic, deeply wrought

examples.

Slippin' Out of Darkness Apr 09 2020 The first biography of the seminal music group WAR whose many hits include "Spill the Wine," "All Day Music," "Why Can't We Be Friends?" "Slippin' into Darkness," "The Cisco Kid," and - of course - "Low Rider." They combined rock, funk, soul, R&B, jazz, and a strong Latin vibe in their music, they have been awarded two Platinum and eight Gold records in their career. Their album "The World is a Ghetto" was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. Dickerson, Papa Dee Allen, and Charles Miller. The story also follows the band through their later, leaner years, the tragic deaths of two members, and the conflicts that led to a fissure and a split of performing entities that continues to this day. Featuring original interviews, archival research, and musical analysis and commentary, "Slippin' Out of Darkness: The Story of WAR" tells the tale of one of the most unique bands in the history of Classic Rock-era music.

Teaching the Literatures of the American Civil War Jul 05 2022 When Abraham Lincoln met Harriet Beecher Stowe in 1863, he reportedly greeted her as "the little woman who wrote the book that started this Great War." To this day, Uncle Tom's Cabin serves as a touchstone for the war. Yet few works have been selected to represent the Civil War's literature, even though historians have filled libraries with books on the war itself. This volume helps teachers address the following questions: What is the relation of canonical works to the multitude of occasional texts that were penned in response to the Civil War, and how can students understand them together? Should an approach to war literature reflect the chronology of historical events or focus instead on thematic clusters, generic forms, and theoretical concerns? How do we introduce students to archival materials that sometimes support, at other times resist, the close reading practices in which they have been trained? Twenty-three essays cover such topics as visiting historical sites to teach the literature, using digital materials, teaching with anthologies; soldiers' dime novels,

Confederate women's diaries, songs, speeches; the conflicted theme of treason, and the double-edged theme of brotherhood; how battlefield photographs synthesize fact and fiction; and the roles in the war played by women, by slaves, and by African American troops. A section of the volume provides a wealth of resources for teachers.

War Stories May 03 2022 From the #1 New York Times bestselling author of *Restart*, a story of telling truth from lies -- and finding out what being a hero really means. There are two things Trevor loves more than anything else: playing war-based video games and his great-grandfather Jacob, who is a true-blue, bona fide war hero. At the height of the war, Jacob helped liberate a small French village, and was given a hero's welcome upon his return to America. Now it's decades later, and Jacob wants to retrace the steps he took during the war -- from training to invasion to the village he is said to have saved. Trevor thinks this is the coolest idea ever. But as they get to the village, Trevor discovers there's more to the story than what he's heard his whole life, causing him to wonder about his great-grandfather's heroism, the truth about the battle he fought, and importance of genuine valor.

Lessons from Sarajevo Oct 08 2022 In today's world, our television screens are filled with scenes from countless conflicts across the globe -- commanding our attention and asking us to choose sides. In this insightful and wide-ranging book, Jim Hicks treats historical representation, and even history itself, as a text, asking questions such as Who is speaking?, Who is the audience?, and What are the rules for this kind of talk? He argues that we must understand how war stories are told in order to arm ourselves against them. In a democracy, we are each responsible for policy decisions taken on our behalf. So it is imperative that we gain fluency in the diverse forms of representation (journalism, photography, fiction, memoir, comics, cinema) that bring war to us. Hicks explores the limitations of the sentimental tradition in war representation and asks how the work of artists and writers can help us to move beyond the constraints of that tradition. Ranging from Walt Whitman's writings on the Civil War to the U.S. wars in Iraq and Afghanistan, and focusing on the innovative and creative artistic expressions arising out of the wars of the former Yugoslavia, Hicks examines how war has been perceived, described, and interpreted. He analyzes the limitations on knowledge caused by perspective and narrative position and looks closely at the distinct yet overlapping roles of victims, observers, and aggressors. In the end, he concludes, war stories today should be valued according to the extent they make it impossible for us to see these positions as assigned in advance, and immutable.

Alfred's War Oct 28 2021 Shortlisted for the 2020 NSW Premier's Literary Awards Indigenous Writers' Prize Age range 3 to 10 Alfred's War is a powerful story that unmask the lack of recognition given to Australian Indigenous servicemen who returned from the WWI battlelines. Alfred was just a young man when he was injured and shipped home from France. Neither honoured as a returned soldier or offered government support afforded to non-Indigenous servicemen, Alfred took up a solitary life walking the back roads – billy tied to his swag, finding work where he could. Alfred was a forgotten soldier. Although he had fought bravely in the Great War, as an Aboriginal man he wasn't classed as a citizen of his own country. Yet Alfred always remembered his friends in the trenches and the mateship they had shared. Sometimes he could still hear the never-ending gunfire in his head and the whispers of diggers praying. Every year on ANZAC Day, Alfred walked to the nearest town, where he would quietly stand behind the people gathered and pay homage to his fallen mates. Rachel Bin Salleh's poignant narrative opens our hearts to the sacrifice and contribution that Indigenous people have made to Australia's war efforts, the true extent of which is only now being revealed. 'Every year sees a swell of new stories about ANZAC Day and Alfred's War is my pick of 2018's crop...It's a poignant story, one rooted in truth, and a damning critique of Australian history. Rachel Bin Salleh skilfully renders some tough subjects accessible for young readers, without ever ignoring the reality of Alfred's situation. The beautiful images from first-time illustrator Samantha Fry also help to soften the sharper edges of this tale.' — Bronte Coates, Readings 'Poignant and confronting, revealing and decisive, this beautifully rendered story provides a fundamental link for children of any creed and background to appreciate the sacrifices and contributions made by indigenous people in the shaping of our Australian history.' — The Boomerang Books Blog 'a beautifully illustrated book...poignant and subtle, its emotional power heightened by its restraint...There is a delicate, dreamlike-quality to the watercolour illustrations by Samantha Fry, an indigenous artist from Darwin.' — Rosemary Neill, The Weekend Australian 'In the lead-up to Anzac Day (April 25), our TV screens and news outlets will be covering dawn services and marches so it is crucial children have some understanding of the day's significance....Alfred's War is particularly poignant due to its Indigenous lens and a story not often told.' — Laura Jones, South Sydney Herald 'The beautifully presented picture book tells younger readers the story of Alfred... Rachel Bin Salleh's sparse words give a dignity to the injustices raised by her story... this book adds a new

story to the pantheon of tales children read, allowing them to think about the way some people were treated in the past, while encouraging them to mull over how things could and should have been different.’ — Fran Knight, ReadPlus
