Fibonacci's Liber Abaci Sep 07 2020 First published in 1202, Fibonacci's Liber Abaci was one of the most important books on mathematics in the Middle Ages, introducing Arabic numerals and methods throughout Europe. This is the first translation into a modern European language, of interest not only to historians of science but also to all mathematicians and mathematics teachers interested in the origins of their methods.

The Two Sources of Morality and Religion May 16 2021
Henri Bergson inquires into the nature of moral obligation, into

the place of religion and the purpose it has served since primitive times, into static religion and its value in preserving man from the dangers of his own intelligence; into dynamic religion or mysticism as a means of producing man's forward leap beyond the limits of the closed society for which nature intended him and into the open society which is the brotherhood of man.

History of a Voyage to the Land of Brazil Jul 06 2020 When the famous anthropologist Claude Lévi-Strauss arrived in Rio de Janeiro, he had one book in his pocket: Jean de Léry's *History of a Voyage to the Land of Brazil*. Léry had undertaken his fascinating and arduous voyage in 1556, as a youthful member of the first Protestant mission to the New World. Janet Whatley presents the first complete English translation of one of the most vivid early European accounts of life in the New World.

Poil De Carotte Jun 16 2021 *Poil de Carotte* by Jules Renard

The Boy Aug 07 2020 Winner of the prestigious Prix Femina, *The Boy* is an expansive and entrancing historical novel that follows a nearly feral child from the French countryside as he joins society and plunges into the torrid events of the first half of the 20th century. The boy does not speak. The boy has no name. The boy, raised half-wild in the forests of southern France, sets out alone into the wilderness and the greater world beyond. Without experience of another person aside from his mother, the

boy must learn what it is to be human, to exist among people, and to live beyond simple survival. As this wild and naive child attempts to join civilization, he encounters earthquakes and car crashes, ogres and artists, and, eventually, all-encompassing love and an inescapable war. His adventures take him around the world and through history on a mesmerizing journey, rich with unforgettable characters. A hamlet of farmers fears he's a werewolf, but eventually raise him as one of their own. A circus performer who toured the world as a sideshow introduces the boy to showmanship and sanitation. And a chance encounter with an older woman exposes him to music and the sensuous pleasures of life. The boy becomes a guide whose innocence exposes society's wonder, brutality, absurdity, and magic. Beginning in 1908 and spanning three decades, *The Boy* is an emotionally and historically rich exploration of family, passion, and war from one of France's most acclaimed and bestselling authors.

The Discipline of Organizing: Professional Edition Oct 09 2020

Note about this ebook: This ebook exploits many advanced capabilities with images, hypertext, and interactivity and is optimized for EPUB3-compliant book readers, especially Apple's iBooks and browser plugins. These features may not work on all ebook readers. We organize things. We organize information, information about things, and information about information. Organizing is a fundamental issue in many professional fields, but these fields have only limited agreement in how they approach problems of organizing and in what they seek as their solutions. The Discipline of Organizing synthesizes insights from library science, information science, computer science, cognitive science, systems analysis, business, and other disciplines to create an Organizing System for understanding organizing. This framework is robust and forward-looking, enabling effective sharing of insights and design patterns between disciplines that weren't possible before. The Professional Edition includes new and revised content about the active resources of the "Internet of Things," and how the field of Information Architecture can be viewed as a subset of the discipline of organizing. You'll find: 600 tagged endnotes that connect to one or more of the contributing disciplines Nearly 60 new pictures and illustrations Links to cross-references and external citations Interactive study guides to test on key points The Professional Edition is ideal for practitioners and as a primary or supplemental text for graduate courses on information organization, content and knowledge management, and digital collections. FOR INSTRUCTORS: Supplemental materials (lecture notes, assignments, exams, etc.) are available at <http://disciplineoforganizing.org>. FOR STUDENTS: Make sure this is the edition you want to buy. There's a newer one and maybe your instructor has adopted that one instead.

Fifty Years of the International Court of Justice Jul 26 2019

To mark the fiftieth anniversary of the International Court of Justice, a distinguished group of international judges, practitioners and academics has undertaken a major review of its work. The chapters discuss the main areas of substantive law with which the Court has been concerned, and the more significant aspects of its practice and procedure in dealing with cases before it. It discusses the role of the Court in the international legal order, and its relationship with the UN's political organs. The thirty-three chapters are presented under five headings: the Court; the sources and evidences of international law; substance of international law; procedural aspects of the Court's work; the Court and the UN. It has been prepared in honour of Sir Robert Jennings, judge and sometime President of the Court.

Moon Palace Feb 10 2021 The "beautiful and haunting" (San Francisco Chronicle) tale of an orphan's search for love, for his

unknown father, and for the key to the elusive riddle of his fate, from the author of the forthcoming 4 3 2 1: A Novel Marco Stanley Fogg is an orphan, a child of the sixties, a quester tirelessly seeking the key to his past, the answers to the ultimate riddle of his fate. As Marco journeys from the canyons of Manhattan to the deserts of Utah, he encounters a gallery of characters and a series of events as rich and surprising as any in modern fiction. Beginning during the summer that men first walked on the moon, and moving backward and forward in time to span three generations, Moon Palace is propelled by coincidence and memory, and illuminated by marvelous flights of lyricism and wit. Here is the most entertaining and moving novel yet from an author well known for his breathtaking imagination. From New York Times-bestselling author Paul Auster (The New York Trilogy).

The Resistible Rise of Arturo Ui Jan 30 2020 This Student Edition of Brecht's classic satire on the rise of Hitler features an extensive introduction and commentary that includes a plot summary, discussion of the context, themes, characters, style and language as well as questions for further study and notes on words and phrases in the text. It is the perfect edition for students of theatre and literature. Described by Brecht as 'a gangster play that would recall certain events familiar to us all', Arturo Ui is a witty and savage satire of the rise of Hitler -- recast by Brecht into a small-time Chicago gangster's takeover of the city's greengrocery trade. Using a wide range of parody and pastiche - from Al Capone to Shakespeare's Richard III and Goethe's Faust - Brecht's compelling parable continues to have relevance wherever totalitarianism appears today. Written during the Second World War in 1941, the play was one of the Berliner Ensemble's most outstanding box-office successes in 1959, and has continued to attract a succession of major actors, including Leonard Rossiter, Christopher Plummer, Antony Sher and Al Pacino.

The Wreck Nov 29 2019 Are memories of past love affairs stronger than time? After a mysterious foreign letter arrives at

breakfast, Georges Garin shares with his friend a peculiar travelogue. While inspecting a wrecked ship, an English man with his three daughters approaches him. A passionate love affair flares between Garin and the oldest daughter which settles in his heart for the years to come. The remarkable short story writer, Guy de Maupassant, unveils bit by bit their tale with a subtle expression of eroticism. Guy de Maupassant (1850–1893) was a French author considered a father of the modern short story. During his prolific work life, he wrote 300 short stories, verse, travel books and novels. One of his most famous works, the novel *Bel-Ami*, inspired the 2012 movie with the same name, starring Robert Pattinson and Uma Thurman.

Memoirs of a Nun Jan 12 2021 *Memoirs of a Nun*, which began as a joke and grew into a masterpiece, was one of the loudest salvos fired in the continuing battles between the clergy and the intelligentsia which defined so much of eighteenth-century French history. Diderot's story of a novice held in a convent against her will and forced to undergo curious spiritual and sexual trials displays all the brilliance, icy wit, and worldliness of the Enlightenment at its best.

Promise at Dawn Nov 09 2020 A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness

and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love.

Promise at Dawn begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”

Doctor Pascal Jun 04 2020 Doctor Pascal concludes Zola's epic Rougon-Macquart series. Pascal has spent his thirty years as a physician cataloging his family and identifying their often unedifying exploits as the specific results of heredity and innateness. His niece at first believes this work to be an arrogant denial of God's omnipotence, but as Pascal reveals the details of the Rougon-Macquart family tree to her, she begins to see the value in his work.
