static means stationary or at  
rest a common physics lab is to  
hang an object by two or more  
strings and to measure the  
forces that are exerted at  
angles upon the object to  
support its weight the state of  
the object is analyzed in terms  
of the forces acting upon the  
object the object is a point on a  
string upon which three forces  
were acting
