Duik Bassel - User Guide Apr 14 2021 "Duik is a free script for the Animation software Adobe After Effects. It eases character, props, and camera animation. Duik creates rigs which allow the animator to manipulate the characters in a very intuitive way. Created in 2009 in France, very simple at its beginning, Duik is now very complete and has an international success; it is used to create TV series, advertising, motion design, video games, music videos, short movies and feature films. It is used in many companies all around the world. Duik is free software (open source), since its creation, and the new version Duik Bassel, was financed by a crowdfunding campaign which was a great success in the beginning of 2017. This success allowed a complete renovation with a lot of new features and improvements, while creating a large international community of users."--Back cover
