Daphne and the Centaurs - Overcoming Gender Based Violence Aug 26 2021 The authors of this volume look into the origins of gender based violence as well as ways to tackle this issue. They link systematic reflections unfold-ing a socio-cultural viewpoint and depictions of concrete action with psychological tools regarding the effect of interventions. The book is a result of the European project "Empower", which is part of the Daphne III Programme (2007-2013) and whose goal is to realize the objectives defined by European policy aimed at preventing and fighting all forms of gender based violence.

Discourse on the State of the Jews Mar 21 2021

In 1638, a small book of no more than 92 pages in octavo was published "appresso Gioanne Calleoni" under the title "Discourse on the State of the Jews and in particular those dwelling in the illustrious city of Venice." It was dedicated to the Doge of Venice and his counsellors, who are labelled "lovers of Truth." The author of the book was a certain Simone (Simḥa) Luzzatto, a native of Venice, where he lived and died, serving as rabbi for over fifty years during the course of the seventeenth century. Luzzatto's political thesis is simple and, at the same time, temerarious, if not revolutionary: Venice can put an end to its political decline, he argues, by offering the Jews a monopoly on overseas commercial activity. This plan is highly recommendable because the Jews are "wellsuited for trade," much more so than others (such as "foreigners," for example). The rabbi opens his argument by recalling that trade and usury are the only occupations permitted to Jews. Within the confines of their historical situation, the Venetian Jews became particularly skilled at trade with partners from the Eastern Mediterranean countries. Luzzatto's argument is that this talent could be put at the service of the Venetian government in order to maintain - or, more accurately, recover - its political importance as an intermediary between East and West. He was the first to define the role of the Jews on the basis of their economic and social functions, disregarding the classic categorisation of Judaism's alleged privileged religious status in world history. Nonetheless, going beyond the socio-economic arguments of the book, it is essential to point out Luzzatto's

resort to sceptical strategies in order to plead in defence of the Venetian Jews. It is precisely his philosophical and political scepticism that makes Luzzatto's texts so unique. This edition aims to grant access to his works and thought to English-speaking readers and scholars. By approaching his texts from this point of view, the editors hope to open a new path in research into Jewish culture and philosophy that will enable other scholars to develop new directions and new perspectives, stressing the interpenetration between Jews and the surrounding Christian and secular cultures.

O scienza o religione Sep 14 2020 Nonostante quanto sostengono molti opinionisti (spesso interessati), religione e scienza entrano in competizione sotto molti aspetti: entrambe fanno infatti "affermazioni di esistenza" su ciò che è reale. Per raggiungere lo scopo usano però strumenti molto differenti. La tesi centrale di questo libro, scritto da un biologo evoluzionista, è che l'insieme di attrezzi di cui si serve la scienza, basato sulla ragione e lo studio empirico, è affidabile. Al contrario quello della religione — comprendente la fede, il dogma e la rivelazione — è invece inaffidabile e porta a conclusioni scorrette, non verificabili o contrastanti. Anzi, facendo affidamento sulla fede invece che sulle prove, è la religione stessa la causa della sua incapacità di trovare la verità. Benché la contrapposizione tra scienza e religione sia parte del più ampio conflitto tra razionalità e irrazionalità, il tema è sempre

attuale e di eccezionale importanza. Perché troppo spesso, dall'educazione alla sanità, le istituzioni antepongono la fede ai fatti. Rigoroso e documentato, "O scienza o religione" dimostra implacabilmente come, così facendo, le persone, la società e l'intero pianeta corrono un gravissimo pericolo.

Islām and the People of the Book Volumes 1-3 Jul 13 2020 Islam and the People of the Book features three dozen scholarly studies on the treaties that the Prophet Muhammad concluded with Jewish, Samaritan, Christian, and Zoroastrian communities, along with translations

of Six Covenants of the Prophet in over a dozen languages. The combined effort of over forty-five academics, intellectuals, and translators from around the world, this work powerfully confirms the conclusions drawn by Dr John Andrew Morrow in his critically-acclaimed book on The Covenants of the Prophet Muhammad with the Christians of the World, offers unprecedented insight into the original intent of the Messenger of God, and sheds light on the pluralistic nature of the constitutional state that he created.
