The Messenger Mar 14 2021 Enthralling and important, an unforgettable journey.' Mark Townsend, Observer The Messenger tells the story of an unlikely friendship between two men looking to change the world - a repentant jihadist and an idealistic journalist. This troubling real-life thriller takes us from their first meeting in a spartan flat in the rough suburbs of Manchester, to a bombing in Pakistan, a dramatic arrest and Malik's reporting career on the brink of ruin. Ten years later, Malik returns to this extraordinary tale. He asks where we can place our trust - in reams of evidence, in a government we believe is on our side, in a terrorist who swears he's changed, in a friend who has no one else to turn to. Malik explores the uncomfortable questions about why he, as well as the wider media and the nation, surrendered to fear so easily. And he reveals how the age of terror laid the groundwork for an era of fake news and demagogues. This is investigative journalism and storytelling of the highest order.

Jihad and Dawah Feb 22 2022 This book provides a detailed account of the emergence and metamorphoses of Lashkar-e-Taiba (LeT) and its political arm, Jamat ud Dawah, since the early 1990s. Linking the group's narratives to the process of Islamization in Pakistan and divergent views on the country's Islamic identity, it is the first systematic analysis of how the organization, globally reviled as the perpetrator of the 2008 Mumbai Bombings, has developed its conception of da'wah (proselytizing) and jihad in response to regional and global developments. Samina Yasmeen makes extensive use of Urdu materials (pamphlets, books, ephemera) by Markaz Da'wah wal Irshad, the parent organization of LeT, to examine the 'insider's vision' of the dominant threats to Pakistan and the Muslim ummah, as well as strategies for countering these threats. She argues that while adopting an oppositional narrative vis-à-vis India and the West, LeT has increasingly turned its attention to da'wah narratives within Pakistan engaging with broader spectrums of society. Women have increasingly been assigned significant agency in this narrative, and JuD's activism in education and social welfare has helped it acquire social capital. This, in turn, prompts a re-imagining of the movement's relationship with the Pakistani military.

History of Indian Nation : Medieval India Dec 31 2019 History of Indian Nation India, the cradle for one of the most ancient civilizations in the world, has a long and rich history, spanning thousands of years. In fact, the history of India begins with evidence of human activity millions of years ago. The Indus Valley Civilization was the first major civilization. Vedic Civilization witnessed the rise of major polities. Almost the whole country was controlled by Mauryan Empire and it was again united under Gupta Empire. Muslim rule in the subcontinent began when the Arabs conquered Sindh and Multan. Then, several invasions from Central Asia led to the formation of Muslim empires, such as the Delhi Sultanate and the Mughal Empire.

Mughals conquered most of northern India and finally controlled the entire sub-continent and Afghanistan. Mughal Empire declined in the 18th century. Then, East India Company gained ascendancy over South Asia. Dissatisfaction with Company rule led to an unsuccessful revolt in 1857, after which India was directly administered by the British Crown. In the 20th century, a nationwide struggle for independence was launched by Indian National Congress. The subcontinent gained independence from Great Britain in 1947, but the country was partitioned into two dominions of India and Pakistan. After Independence, a new era began. This comprehensive book, comprising four volumes covers the entire history of the Indian Nation in a very compact manner. This book is an asset for historians, teachers, students and general readers, at par.

Jilted Generation Dec 23 2021 'Should be read as a strident call to arms for a partially disenfranchised generation that is burdened with debt.' The Times 'No parent can dismiss this argument about our collective failure to invest in the future' The Guardian Why are so many adult children living still living with mum and dad? Why do young people seem so disinterested in politics? And what are the hidden threats to Britain's long-term prosperity lurking in the next few decades? First published in 2010, Ed Howker and Shiv Maik's Jilted Generation answers fundamental questions about the society you thought you knew. It identified, for the first time, the perilous position of Britain's young adults and, with a title brandished by everyone from Ed Miliband to student protesters, the book's thesis has formed a controversial but essential part of Britain's political debate. With significant additional material, this edition updates the argument and explains the real effects of austerity policies and the recession. And, crucially, it explains what must be done to protect a vital and underestimated national asset – Britain's newest adults.

Haqiqatul-Wahi Oct 21 2021 In this book the Promised Messiah, on whom be peace, discusses the philosophy of divine revelation, the three categories of people who claim to receive revelation, and the distinction of the truthful from the false. He then establishes his truthfulness by documenting over 200 Signs,

including the fulfillment of prophecies made by the Holy Prophet Muhammad, may peace and blessings of Allah be upon him, other men of God, earlier scriptures, and his own revelations spanning over twenty-five years. The author cites numerous examples of his enemies who publicly predicted his downfall and demise, only to become the very victims of their own prophecies. God, however, protected him against every assault, while continuously reassuring him of His promise to bless his Community—a promise which continues to bear the seal and testimony of history. The author also appeals to the followers of different faiths to read this book cover to cover to appreciate and accept this evidence as proof that God is One and the Holy Prophet Muhammad is the Messenger of God, and that he is the Promised Messiah raised to unite humanity under the banner of Islam.

A History of the Sadarat in Medieval India VOLUME- I (PRE-MUGHALPERIOD) Jul 18 2021 Book Summary Table of Contents Volume 1st Foreword v Preface ix The Sadarat : Origin and Development 1 Foundation of Sadarat in India 33 I. The Ilbari Turks 76 II. The Khaljis 137 III. The Qaraunah Turks 183 IV. The Sayyids 273 V. The Lodhis 285 VI. The Surs 308 Abbreviations and Bibliography 324 Index 336 Foreword The administrative machinery of the Delhi Sultanate was run mainly by three ministries—the Diwan-i-Wizarat, the Diwan-i-'Arz and the Diwan-i-Risalat. While some work has been done on the first two, an in-depth study of the Diwan-i-Risalat—which dealt with religious matters, stipends and pious foundations—has largely remained a desideratum. Mr. A. D. Khan's work goes a long way in filling this gap in our historical literature. With his extensive knowledge of the contemporary and modern literature, he has tried to put the institution of sadarat in its proper historical perspective. His contribution deserves approbation by all those interested in medieval Indian history and culture. Discussing the origin of the office of sadr, Khwandmir observes in his Nama-i-Nami that Malik Shah Seljuqi had established this office as he was desirous of having a learned man at the court to represent the cases of Syeds and 'ulama' and to manage pensions, stipends and endowments. In course of time the office of sadr became the chief authority dealing with all religious matters and provided institutional liaison between State and Religion. Mr. Khan has very ably traced the evolution of sadarat in medieval India and has shown how the scope and conspectus of its work differed from period to period. The Diwan-i-Riyasat was headed by two important officers, the Qazi-ul-Quzat and the Sadr-us-Sudur. During the Sultanate period these two offices were entrusted to the same person who thus came to exercise great authority in judicial matters while his patronage to scholars, religious men and the indigent people enhanced his prestige. The muhtasib (Censor of public morals), who functioned under the aegis of this department, enjoyed some economic powers also pertaining to the market. Thus the institution of sadarat became a very influential wing of the administrative machinery and both the pulpit and the chair came to be controlled by the sadr. Notwithstanding all this authority, it would be wrong to think that the sadarat or the 'ulama' bound to the state chariot regulated or influenced the policies of the State. Beyond creating a lashkar-i-du'a and providing state help to khanqahs and madrasahs, the sadarat had no say in administrative matters as such. It enjoyed religious prestige but wielded no political power. The Sultans were guided by exigencies of the political situation and formulated zawabit (state laws which had nothing to do with shari'at laws) to administer the country. The advice of Syed Nuruddin Mubarak Ghaznavi, Qazi Mughis and others was never heeded by the Sultans. Barani's political realism made him appreciate that in matters of government the Sultans looked to the precepts of the legendary heroes of Iran rather than the religious precepts and principles of the jurists. The Delhi Sultanate maintained the Diwan-i-Sadarat with all enthusiasm and extended all patronage to its functionaries but the strings of administration were entirely in the hands of secular authorities. The function of the institution of ihtasab was to check immoral behaviour at public places. Under rulers who were themselves sunk in debauchery—like Kaiqubad, Mubarak Khalji and others—the muhtasib had to watch helplessly rapid deterioration in public morality. Under 'Alauddin Khalji the institution of ihtasab gained unprecedented prestige. The Sultan's strong measures against drinking, prostitution etc. strengthened the functioning of the Department. Maulana Ziauddin Sunnami's Nisab al-Ihtasab gives a very good idea of the matters dealt with by the Department during this time. His book became popular in Muslim lands also. Mr. Khan's work will be read with interest as it does not merely deal with the theoretical aspect of the institution of sadarat but gives a very lively account of the actual role of individuals involved in its functioning at different levels. He attempts an analysis of the different approaches of the 'ulama and sufis of the period and traces its interaction in the broader framework of medieval history. It is hoped that Mr. Khan's work will be read with keen interest by all students and scholars of the history of medieval India. K. A. Nizami (Nizami Villa, Aligarh)

It is also evident that if they had remained in their native country and had not been condemned for their religious beliefs, that country might have been flourishing. Joseph becoming an American citizen proved it.

Status and Preservation of Hadith: Answering the contentions of orientalists, Christian missionaries and modernists on Hadith Jun 16 2021 Muslims believe hadith to be an authority and explanation of the Quran. The task of preserving hadith was taken by Allah himself by means of the Sahabah, the Tabieen and then from generation to generation through unique discipline of hadith sciences. The Sahabah understood that the Prophet (ﷺ) was the final messenger sent for mankind and that the task of preserving his teachings would fall upon their shoulders. Prophet (ﷺ) instructed them to spread his teachings to those who were absent. They used to give great concern to sitting with the Prophet (ﷺ) to hear a hadith from him as much as possible. They would tell each other what they had learnt from the Prophet (ﷺ). The Prophet (ﷺ) also warned them in strong words about narrating anything from him which is not authentic. At the same time, Prophet (ﷺ) had also warned, that it is a major sin to hide knowledge, whenever it is asked for. Prophet (ﷺ) did not restrict himself to giving sermons, he (ﷺ) also guided the Sahabah practically. Whenever they learnt anything from the Prophet (ﷺ) they spared no effort to bring it into practice. A Large number of the Sahabah wrote down ahadith and compiled Sahifas (booklets) after hearing them from the Prophet (ﷺ). A number of young companions devoted themselves to attaining knowledge and then passed it down to the following generations. Tabieen followed the example of Sahabah in preserving ahadith, for example, Urwah bin Zubair (nephew of Aisha), Nafi Mawla of Abdullah bin Umar and Thabit bin Aslam al-Bunani spent forty years with Anas bin Malik. Also, Amra bint Abdirrahman grew up with Aisha learning ahadith. Like the Sahabah, the Tabieen also collected and compiled ahadith in booklets which were incorporated in books by the next generation and most of those that survive today are in that form as part of other larger books like Musnad Ahmad, Saheeh al-Bukhari, Saheeh Muslim, four Sunan and so on. Scholars of hadith from the time of the Tabieen developed the science of al-Jar' wa Tadeel. This is the science of examining the narrations of different narrators to make a determination about their trustworthiness and thus authenticity of their narrations.
