financial and tax accounting topics make this book ideal for the modern tax curriculum. Story line Approach: Each chapter begins with a story line that introduces a set of characters or a business entity facing specific tax-related situations. Examples related to the story line allow students to learn the code in context.

Integrated Examples: In addition to providing examples in-context, we provide "What if" scenarios within many examples to illustrate how variations in the facts might or might not change the answers. More than 100 Videos: Guided Example hint videos provide students with on-demand walk-throughs of key Tax topics, offering narrated, animated, step-by-step solutions to algorithmic variants for select exercises similar to those assigned.

Print Companion 2.0 for Connect Master: Economics Dec 14

2020 Connect Master: Economics provides a revolutionary, digital-first approach for the principles of economics course that is ideal for a variety of course formats--traditional, online, flipped, or hybrid. Authors Carlos Asarta and Roger Butters offer the same core content covered in mainstream textbooks, but in a way that breaks free from the constraints of a traditional textbook's structure and format--empowering instructors to take advantage of new approaches in teaching methodology to revitalize their course and improve student engagement and outcomes. Instead of lengthy, narrative-driven chapters, content in Connect Master is organized into over 250 topics, each anchored by an engaging 2-4 minute professionally-produced video and supported by a host of dynamic learning resources such as interactive graphs, worked examples, helpful hints, and robust assessment content. Topics are delivered to students through the most advanced adaptive learning technology on the market, using continual assessment and artificial intelligence to personalize the experience for each individual student. The result is an immersive experience that is flexible, innovative, and aligned to how today's students learn and

Tutor, Powerweb, Alternate Exercises and Problems Sep 30

2019 Intermediate Accounting, 3e, by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will
