Photographer's Guide to the Sony DSC-RX10 IV Jul 19 2021 This book is a complete guide to the Sony Cyber-shot DSC-RX10 IV camera. With this book, author Alexander S. White provides users of the RX10 IV with a manual covering all aspects of the camera's operation. Using a tutorial-like approach, the book shows beginning and intermediate photographers how to accomplish things with the RX10 IV, and explains when and why to use the camera's many features. The book provides details about the camera's shooting modes as well as its menu options for shooting, playback, setup, video, Wi-Fi, and special effects. The book covers all features of the RX10 IV that are new for this model, including its enhanced focusing system with phase detection autofocus; its ability to use a touch screen for focusing and enlarging images in some situations; and a variety of new or enhanced menu options. The book includes more than 500 color photographs that illustrate the camera's controls, display screens, and menus. The images include photographs taken using the RX10 IV's Scene mode, with settings optimized for subjects such as landscapes, sunsets, portraits, and action shots; and its Creative Style and Picture Effect menu options, with settings that alter the appearance of images. The book provides concise introductions to topics such as street photography and infrared photography, and explains how to use the camera's Wi-Fi and Bluetooth features to transfer images to a smartphone or tablet, to control the camera from such a device, and to add location information to images. The book includes a full discussion of the video features of the RX10 IV, which can shoot HD and 4K (ultra-HD) movies, with manual control of exposure and focus during recording. The book explains the camera's numerous features for professional-level videography, including Picture Profiles that allow adjustment of settings such as gamma curve, black level, knee, and detail. The book describes steps for recording 4K video to an external video recorder using the "clean" video output from the camera's HDMI port. In three appendices, the book discusses accessories for the RX10 IV, including cases, power sources, remote controls, microphones and external flash units, and includes a list of websites and other resources for further information. The book includes an appendix with "quick tips" on how to take advantage of the camera's features in the most efficient ways possible. This guide to the RX10 IV includes a detailed index, so the reader can quickly locate information about any particular feature or aspect of the camera.

A Practical Guide to Teaching Research Methods in Education Jan 25 2022 *A Practical Guide to Teaching Research Methods in Education* brings together more than 60 faculty experts. The contributors share detailed lesson plans about selected research concepts or skills in education and related disciplines, as well as discussions of the intellectual preparation needed to effectively teach the lesson. Grounded in the wisdom of practice from exemplary and award-winning faculty from diverse institution types, career stages, and demographic backgrounds, this book draws on both the practical and cognitive elements of teaching educational (and related) research to students in higher education today. The book is divided into eight sections, covering the following key elements within education (and related) research: problems and research questions, literature reviews and theoretical frameworks, research design, quantitative methods, qualitative methods, mixed methods, findings and discussions, and special topics, such as student identity development, community and policy engaged research, and research dissemination. Within each section, individual chapters specifically focus on skills and perspectives needed to navigate the complexities of educational research. The concluding chapter reflects on how teachers of research also need to be learners of research, as faculty continuously strive for mastery, identity, and creativity in how they guide our next generation of knowledge producers through the

research process. Undergraduate and graduate professors of education (and related) research courses, dissertation chairs/committee members, faculty development staff members, and graduate students would all benefit from the lessons and expert commentary contained in this book.

Reel Writing Oct 02 2022 In this highly praised and innovative approach, literature concepts are taught through the medium of film. Students are taught to "read" movies using the same skills needed for reading literature. Each unit uses a movie to teach a literary concept. Course information such as definitions, history, cast lists, etc., is included for each unit. Teachers are given various activities for introducing literary concepts. Pages are ready to be reproduced to hand out to students or to make overhead transparencies. A viewing guide is included for each movie to be filled out as students watch the movie or as a comprehension check at the end of the movie. Students complete pre-viewing exercises, view the film, and then respond to the film through quizzes, oral assignments, group activities and performances, or writing assignments. Students write individually and in groups. They write character sketches, short stories, film reviews, skits, essays, term papers, and poetry (songs). The method is acclaimed by curriculum developers, teachers, and students who have experienced the curriculum first hand.

Teaching Reading to Every Child Apr 27 2022 This popular text, now in its Fourth Edition, introduces pre-service and in-service teachers to the most current theories and methods for teaching literacy to children in elementary schools. The methods presented are based on scientific findings that have been tested in many classrooms. A wealth of examples, hands-on activities, and classroom vignettes--including lesson plans, assessments, lists of children's literature books to fiction and nonfiction texts, and more--illustrate the methods and bring them to life. The text highlights the importance of teaching EVERY child to become competent in all of the nuances and complexities of reading, writing, and speaking. The value of reflection and peer discussion in learning to expand their students' literacies is emphasized. Readers are encouraged to reflect on their own experiences with reading and teaching throughout their lifetimes--experiences that will serve well in learning to teach reading. "Your Turn" boxes invite readers to think about their views of the material presented, and to talk with colleagues and teachers about their "best ways" of learning this new information. "Did You Notice?" boxes engage readers in observation and analysis of methods and classroom situations discussed in the text. Teachers' stories serve as models of successful teaching and to draw readers into professional dialogue about the ideas and questions raised. End-of-chapter questions and activities provide additional opportunities for reflection and discussion. All of these pedagogical features help readers expand and refine their knowledge in the most positive ways. Topics covered in *Teaching Reading to Every Child*, Fourth Edition: *Getting to Know Your Students as Literacy Learners; *Looking Inside Classrooms: Organizing Instruction; *Assessing Reading Achievement; *The Importance of Oral Language in Developing Literacy; *Word Identification Strategies: Pathways to Comprehension; *Vocabulary Development; *Comprehension Instruction: Strategies At Work; *Content Area Learning; *What the Teacher Needs to Know to Enable Students' Text Comprehension; *Writing: Teaching Students to Encode and Compose; *Discovering the World Through Literature; *Technology and Media in Reading; *Teaching Reading to Students Who Are Learning English; *All Students are Special: Some Need Supplemental Supports and Services to Be Successful; and *Historical Perspectives on Reading and Reading Instruction. New in the Fourth Edition: *A new chapter on technology with state-of-the-art applications; *A new chapter with the most up-to-date information on how vocabulary is learned and on how it is best taught, responding to the national renewed interest in vocabulary instruction; *A new section on Readers/Writer's workshop with a focus on supporting student inquiry and exploration of multiple genres; *A more comprehensive chapter on literature instruction and the role of literature in the reading program with examples that support students' multigenre responses; *A discussion of literary theories with examples for classroom implementation; *Broader coverage of the phases of reading development from the pre-alphabetic stage to the full alphabetic stage; *A more inclusive chapter on writing instruction; and *A thoroughly revised chapter on teaching reading to students who are learning English, including extensive information on assessment and evaluation.
