Ghost Fleet Mar 05 2020 Two authorities on future warfare join forces to create a taut, convincing novel—set in 2026—about a besieged America battling for its very existence.

The Bone Ship's Wake Sep 10 2020 The sea dragons are returning, and Joron Twiner's dreams of freedom lie shattered. His Shipwife is gone and all he has left is revenge. Leading the black fleet from the deck of Tide Child Joron takes every opportunity to strike at his enemies, but he knows his time is limited. His fleet is shrinking and the Keyshan's Rot is running through his body. He runs from a prophecy that says he and the avian sorcerer, the Windseer, will end the entire world. But the sea dragons have begun to return, and if you can have one miracle, who is to say that there cannot be another? 'Excellent . . . one of the most interesting and original fantasy worlds I've seen in years' Adrian Tchaikovsky

The Tide Dec 06 2022 Book 7 in Anthony J Melchiorri's The Tide series. Even the oceans are no longer safe from the scourge of the biological weapon known as the Oni Agent. Governments struggle to stand under the weight of civilization's collapse. Some remnants of human society have risen from the ashes. But the radical military organization responsible for the Agent has developed a new weapon more terrifying than their last. Rumors spread that a ghost fleet of ships have been commandeered to deliver the killing blow that will destroy any hope of humanity's resurrection. Captain Dominic Holland and his group of covert operatives are charged with uncovering the whereabouts of the fleet and stopping them before they reach land. On a mission that takes them around the crumbling strongholds of Europe, they uncover a plot more sinister than they could have possibly imagined. With few resources and little time, Dom and his Hunters put their lives on the line to save the world from utter destruction. But even that may not be enough

Unworthy Jan 27 2022 In the climactic conclusion to the Star Trek: Destinytrilogy the greatest menace to the galaxy, the Borg, were absorbed into the Caeliar gestalt -- with one exception, Seven of Nine, who finds herself trapped in a half existence, neither drone nor human. Seven agrees to join Chakotay, the former captain of the USS Voyager, to rendezvous with the ships that Starfleet Command has sent into the Delta Quadrant and see if they can solve the mystery of the Caeliar's disappearance. In a region of space which has lived in fear of instant annihilation, Voyager is charged with reaching out to possible allies and resolving old enmities. But these are not the friendly stars of the Federation, and out here the unknown and the unexpected cannot be dealt with by standard Starfleet protocols.

The Turn of the Tide in the Pacific War Sep 03 2022 Midway through 1942, Japanese and Allied forces found themselves fighting on two fronts—in New Guinea and the Solomon Islands. These concurrent campaigns, conducted between July 1942 and February 1943, proved a critical turning point in the war being waged in the Pacific, as the advantage definitively shifted from the Japanese to the Americans. Key to this shift was the Allies seizing of the strategic initiative—a concept that Sean Judge examines in this book, particularly in the context of the Pacific War. The concept of strategic initiative, in this analysis, helps to explain why and how contending powers design campaigns and use military forces to alter the trajectory of war. Judge identifies five factors that come into play in capturing and maintaining the initiative: resources, intelligence, strategic acumen, combat effectiveness, and chance, all of which are affected by political will. His book uses the dual campaigns in New Guinea and the Solomon Islands as a case study in strategic initiative by reconstructing the organizations, decisions, and events that influenced the shift of initiative from one adversary to the other. Perhaps the most critical factor in this case is strategic acumen, without which the other advantages are easily squandered. Specifically, Judge details how General Douglas MacArthur and Admiral Chester Nimitz, in designing and executing these campaigns, provided the strategic leadership essential to reversing the tide of war—whose outcome, Judge contends, was not as inevitable as conventional wisdom tells us. The strategic initiative, once passed to American and Allied forces in the Pacific, would never be relinquished. In its explanation of how and why this happened, *The Turn of the Tide in the Pacific War* holds important lessons for students of military history and for future strategic leaders.

The Tide at Sunrise Aug 02 2022 The Russo-Japanese War was fought in the waters of the Yellow Sea and the Straits of Tsushima that divide Japan from Korea, and in the mountains of Manchuria, borrowed without permission from China. It was the first war to be fought with modern weapons. The Japanese had fought the Chinese at sea in 1894 and had gained a foothold in Manchuria by taking control of Port Authur. In 1895, however, Japan was forced to abandon its claims by the Russian fleet's presence in the Straits of Tsushima. Tsar Nicholas had obtained a window to the East for his empire and Japan had been humiliated. Tensions between the two countries would rise inexorably over the next decade. Around the world, no one doubted that little Japan would be no match for the mighty armies of Tsar Nicholas II. Yet Russia was in an advanced state of decay, the government corrupt and its troops inept and demoralized. Japan, meanwhile, was emerging from centuries of feudal isolation and becoming an industrial power, led by zealous nationalist warlords keen to lead the Orient to victory over the oppressive West. From the opening surprise attack on the Russian fleet at Port Authur in 1904, the Japanese out-fought and out-thought the Russians. This is a definitive account of one of the pivotal conflicts of the twentieth century whose impact was felt around the world.

The Tide Nov 24 2021 Book 6 in Anthony J Melchiorri's The Tide series.In Morocco, tourists and merchants once packed the winding alleys and expansive markets of Tangier. Now there are only Skulls. Captain Dominic Holland and the Hunters pursue the mysterious organization responsible for the Oni Agent straight into the ravaged city. But something more frightening than anything they've encountered awaits.Across the Atlantic, Colonel Jacob Shepherd is tasked with delivering a key enemy scientist to the United States Government. But no journey at the end of the world is without disaster. Faced with a mission derailed by catastrophe, Shepherd must make an impossible choice to save his country-and the world.Book 1: The TideBook 2: The Tide: BreakwaterBook 3: The Tide: SalvageBook 4: The Tide: DeadriseBook 5: The Tide: Iron WindBook 6: The Tide: Dead AshoreBook 7: The Tide: Ghost FleetBook 8: The Tide: Devil to Pay

A Tide of Shadows Jul 21 2021 Tom Bielawski is a bright light in today's dark sea of new writers. His writing gives me hope for the next generation of dreamers. I highly recommend both him and his works." - NYT Bestselling author, Tracy Hickman. A dark and powerful magic, lost the world for centuries, stirs once more. The Dark Disciples, infamous villains once thought vanquished, have returned. Carym of Hyrum, accused murderer, is freed from captivity by a band of criminals. To repay the debt he must undertake a quest to find the mythical Everpool and bring back a vial of its enchanted water. Minions of a dark god hunt Carym, for he is the key to unlocking a power greater than their own. If they cannot turn him, they will destroy him.

London's Lost Rivers Oct 31 2019 From the sources of the Fleet in Hampstead's ponds to the mouth of the Effra in Vauxhall, via the meander of the Westbourne through 'Knight's Bridge' and the Tyburn's curve along Marylebone Lane, London's Lost Rivers unearths the hidden waterways that flow beneath the streets of the capital. Paul Talling investigates how these rivers shaped the city - forming borough boundaries and transport networks, fashionable spas and stagnant slums - and how they all eventually gave way to railways, roads and sewers. Armed with his camera, he traces their routes and reveals their often overlooked remains: riverside pubs on the Old Kent Road, healing wells in King's Cross, 'stink pipes' in Hammersmith and gurgling gutters on streets across the city. Packed with maps and over 100 colour photographs, London's Lost Rivers uncovers the watery history of the city's most famous sights, bringing to life the very different London that lies beneath our feet.

Time and Tide Aug 10 2020 Presents the story of the Suttons Group, from its creation by Alf Sutton. This is not a book about heavy goods vehicles, but the struggles, dramas and successes the group has endured in its 80 year history.

Tides and Currents Sep 30 2019 Tides and currents are predictable, yet few sailors use them to the best of their advantage. Whether you sail a dinghy, a yacht or a board, enormous gains can be made by understanding how the water moves. This book explains clearly how to find out about the predicted water flow, how local effects will modify it, and how to plan your strategy on an Olympic triangle, an inshore course or an offshore race.

The Fleet at Flood Tide Jan 07 2023 NEW YORK TIMES BESTSELLER • The extraordinary story of the World War II air, land, and sea campaign that brought the U.S. Navy to the apex of its strength and marked the rise of the United States as a global superpower Winner, Commodore John Barry Book Award, Navy League of the United States • Winner, John Lehman Distinguished Naval Historian Award, Naval Order of the United States With its thunderous assault on the Mariana Islands in June 1944, the United States crossed the threshold of total war. In this tour de force of dramatic storytelling, distilled from extensive research in newly discovered primary sources, James D. Hornfischer brings to life the campaign that was the fulcrum of the drive to compel Tokyo to surrender—and that forever changed the art of modern war. With a close focus on high commanders, front-line combatants, and ordinary people, American and Japanese alike, Hornfischer tells the story of the climactic end of the Pacific War as has never been done before. Here are the epic seaborne invasions of Saipan, Tinian, and Guam, the stunning aerial battles of the Great Marianas Turkey Shoot, the first large-scale use of Navy underwater demolition teams, the largest banzai attack of the war, and the daring combat operations large and small that made possible the strategic bombing offensive culminating in the atomic strikes on Hiroshima and Nagasaki. From the seas of the Central Pacific to the shores of Japan itself, *The Fleet at Flood Tide* is a stirring, authoritative, and cinematic portrayal of World War II’s world-changing finale. Illustrated with original maps and more than 120 dramatic photographs “Quite simply, popular and scholarly military history at its best.”—Victor Davis Hanson, author of *Carnage and Culture* “The dean of World War II naval history . . . In his capable hands, the story races along like an intense thriller. . . . Narrative nonfiction at its finest—a book simply not to be missed.”—James M. Scott, *Charleston Post and Courier* “An impressively lucid account . . . admirable, fascinating.”—*The Wall Street Journal* “An extraordinary memorial to the courageous—and a cautionary note to a world that remains unstable and turbulent today.”—Admiral James Stavridis, former Supreme Allied Commander, NATO, author of *Sea Power* “A masterful, fresh account . . . ably expands on the prior offerings of such classic naval historians as Samuel Eliot Morison.”—*The Dallas Morning News*
