Ben Nevis and Glen Coe Sep 30 2019 This guidebook details 100 walking routes around Ben Nevis and Glen Coe, centred in 10 areas including Fort William and Glen Nevis, the Aonachs, the Mamores, Kinlochleven, Glen Coe, Glen Etive, Black Mount and Ben Cruachan. Routes are graded according to difficulty, and range between short, easy strolls and long, challenging walks with overnight bothy stays. The region's 44 Munro summits are covered, including 2 easy scrambles and the formidable traverse of Aonach Eagach's iconic jagged ridge. Alongside step-by-step route descriptions and mapping, the guide presents practical advice on transport, access, safety and where to stay plus background information on the area's fascinating geology. Many of the routes reflect the author's belief that the best rewards often lie off the popular tourist trails. Yet the highlights are all there: Buachaille Etive Mor, Aonach Eagach, the Mamores, the Grey Corries, Bidean nam Bian, Ben Starav, Carn Mor Dearg and of course, the mighty Ben Nevis. The book - like Glen Coe itself - encourages exploration and includes a helpful 'summit summary' to show different options and assist with route-planning.

The three authors, who have each voyaged thousands of miles with children on board, provide a factual and balanced look at the realities of family life on the sea. From their own experience and with information from interviews with dozens of other voyaging parents, they discuss caring for an infant on board, handling the changing needs of children as they grow, education options, ensuring parents find the private time to keep their relationships in tune, and helping children make the eventual transition back to shore life. Added to the authors' voices are sidebars from other cruising parents with specialized information on subjects as diverse as handling special diets and how your children can keep in touch with friends around the world. A unique bonus chapter, written by a dozen former cruising kids, looks at the long-term effects of breaking away from shoreside normalcy. A substantial appendix of resources provides valuable further information on the subjects covered in this book. It is said that every parent inflicts their lifestyle choices on their children. Read this book to find why heading out to sea with your children may be the most rewarding infliction of all.
